Gentlemen:

So Bill is rich. Very, very rich. So what!! What he has done for the computer industry and all of us that use computers cannot be comprehended by many. Is he perfect? No, but only the best we have. Isn't that what the US is (use to be) all about? Work hard, produce, and you get the rewards or have I missed what has happened to this country during the last 30 years. Let's get on with life and let MS get back to what they do best.
